

Ceramic artist **Jim Sudal** specializes in botanicals—desert botanicals, to be specific. His handcrafted, three-dimensional work ranges from terra-cotta or stoneware tiles to pots, benches and wall murals, each conveying his bond with the flora of the Sonoran Desert. Sudal works by commission, through interior designers, landscape architects and architects, for residential and commercial projects. *Jim Sudal Ceramic Design, 7037 E. First Ave., Scottsdale, AZ 85251; (480) 947-2254 or www.jimsudalpottery.com.*
